

Skate Sardinia, May 5th – 12th 2018

Travel Journey

Day 1 – Olbia and La Maddalena

Individual arrival to Olbia around noon. Transition to the island La Maddalena by ferry. Our Hotel Excelsior is situated right at the harbor and the entrance to the vibrant old town.

Day 2 - La Maddalena, Costa Smeralda

After breakfast with a beautiful view of the harbor, we will head towards our first skate-trip on the islands La Maddalena and Caprera. The easy ride gives us the opportunity to enjoy the beautiful coast. During our trip, we will have the chance to have a swim in the beautiful sea or to hike up to the highest elevation point of the island group. (20-70km)

Day 3 - Alghero

This part of the trip takes us to Alghero, which is located as far west as we will go on our trip. On our way to Alghero, we will reach the town of Tempio Pausania. This part is going to be very demanding and skaters will also have the chance to ride the bus with Lothar (our bus driver), instead of skating. Riding by bus, we will reach our goal of the day - Alghero. Once we arrive at the beautiful hotel, we will have a choice between spending the rest of the day at the pool, or joining Lothar on a 20km skate trip, which also includes a 6km downhill skate. At the end of the day, we will be in one of the most beautiful places of Sardinia to watch the sunset. (30-50km)

Day 4 – Alghero, Capo Caccia and Stintino

The fourth day is a day at your leisure to enjoy the pool, discover Alghero, swim in the the sea, or even take a boat trip to Capo Caccia. For those who still want to do some sports, we have planned an impressive skate trip. We will skate along the coast to Capo Caccia and the old fishing village. Crystal clear water and a beautiful beach are waiting for us. (20-85km)

Day 5 - Arbatax

We are leaving the coast and are taking an ambitious mountain route to Villanova. After a short climb we are eating lunch at a quarry with a great view of the Lago del Temo. If you would like, you can go on another ambitious skate trip to Ittiri, or you can visit the impressive remains of the Nuragic culture. Our hotel for the next two days is located on the east coast in Arbatax, has a pool, and is close to the beach and the famous Red Rocks. (22-55km)

Day 6 – Arbatax, Day Off

Arbatax and our hotel have everything we need for a day off. Late breakfast for those who need to sleep in, then a nice walk to the coast and the Red Rocks, or the beach. For the skating fanatics we will offer two different opportunities. One takes us to one of the nice beaches, the other one is a more ambitious trip with mountain panoramas, which will give us a good impression for the final part of our week. (0-30km)

Day 7 – Passo Genna Siliana, Dorgali, Olbia

On our final trip we will enjoy Sardinia with all of it's diversity in one day. It begins along the coast. After a challenging climb, we will skate on the 900m elevated mountain roads, which will give us a beautiful view of the mountain town Urzulei. What a feeling! After 50km, and a 1200m height difference, we will head towards the top of the Passo Genna Siliana. On the 20km downhill route, with a great panorama, we will head to Dorgali. Alternative routes will be provided for each level. We will reach our hotel in Murta Maria by bus. The Motionline Team provides the last dinner of the week. (30-70km)

Day 8 – Olbia and Return Home

A couple of hours are left before everyone heads back home. Enough time for a last walk at the beach, spending some time in Olbia, and – who knows – you might already be planning your next skate trip!
